It has wide vestibules; Patent gas high back seats; a uniformed Pullman porter; clean bedding; spacious toilet rooms, tables and heating range. Being strongly and heavily built, it rides smoothly; it is warm in winter and cool in summer.

In charge of each excursion party is an experienced excursion conductor who accompanies it right through to Los Angeles.

Leave Omaha, St. Joseph, Lincoln and Hastings every Thursday, arriving San Francisco following Sunday, Los Angeles Monday. Only three days from Missouri River to the Pacific Coast, including two stop-overs of 1 1/2 hours at Denver and 2 1/2 hours at Salt Lake City, two of the most interesting cities on the continent.

On the Deadwood branch of the Burlington Route, eight miles north of E. E. Mont, S. D., is a place known as "Sheep's Canyon." It is over 700 feet wide and until a few weeks ago was spanned by a wooden bridge 126 feet high. The bridge was famous because of its height and because of the enormous amount of timber used in its construction.

The fliding in this trestle was begun on April 24 and the big task was completed on September 8, twenty weeks later. During that time, an average of forty-five men, working in day and night shifts, were constantly employed. Approximately, 320,000 cubic yards of earth were hauled one and one-half miles up a two per cent grade, and unloading off this big bridge. This required 1,486 trains, of fifteen cars each, making over 22,000 carloads. Four engines were engaged nearly all the time, the average number of trains per day being ten. Every yard of earth was loaded onto the cars with a steam shovel having a capacity of one and one-half cubic yards, and unloaded from the cars with a steam plow. The work was carried on at night-time by means of the Wells system of lighting.

The report of the Burlington railroad for the fiscal year ending June 30 has just been issued. It shows that the Burlington is one of the few American railroads that operate over 7,000 miles and earn more than \$40,000,000 per annum. The Burlington system has grown to 6,897 miles, and is still building extensively. During the year covered by the report, its earnings reached the enormous total of \$41,389,000, or \$866,000 more than the previous year. It is worthy of mention that this gain is entirely from increased passenger, mail and express business, the freight earnings having fallen off the detailed figures of the report show that the company has liberally spent money for improvements of railroad and equipment, and indicates that the Burlington standard of efficiency, always high, has been maintained.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected part is superior to any plaster. When trouble with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief which it affords. Pain Balm is also a certain cure for rheumatism. For sale by all druggists.

Through Tourist Sleepers to the Northwest. The Burlington Route has established a twice a week tourist car line from Kansas City to Butte, Spokane, Tacoma and Seattle. Cars leave Kansas City, Lincoln and Grand Island every Tuesday and Thursday, arriving at Seattle following Friday and Sunday. They are upholstered in rattan. The bed linen and furnishings are clean and of good quality. The heating, ventilating and toilet arrangements are all that can be desired and each car is in charge of a uniformed Pullman porter, whose sole duty is to attend to the wants of passengers. Cars run through without change of any kind and the berth rate from Lincoln to Tacoma or Seattle is only \$5.00. To intermediate points, it is proportionately low.

Montana and the Puget Sound country are now enjoying a period of unexampled prosperity. As a consequence, travel to the Northwest is rapidly attaining large proportions. This new tourist car line has been established with a view of caring for the Burlington's share of it in the best possible manner.

Berths, tickets and full information can be had on application to any Burlington Route ticket agent or by addressing J. Francis, G. P. A., Omaha, Neb. June 26th

I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years.
